March 11, 2025

Dear Mr. Li,

Congratulations!

The UBC Master of Data Science Admissions Committee was impressed by your outstanding application and, on their enthusiastic endorsement, we are pleased to offer you admission to the Master of Data Science program (Vancouver).

Data. Knowledge. Action: these three words symbolize steps in the data science value chain.

The UBC Master of Data Science curriculum covers all stages of this chain, to provide you with skills to focus on the “knowledge” section. Over 10 months, utilizing descriptive and prescriptive techniques, you will learn how to extract data for use in experiments, how to apply state-of-the-art techniques in data analysis and how to present extracted knowledge effectively in ways to enable organizations to make informed decisions based on data.

Conditions of Offer of Admission and Accepting your offer

This offer of admission is conditional. There are still important actions you must take to remove your conditions and finalize your admission. To accept this offer, please follow the steps below:

1. Login to the Applications portal under “My Applications”, click on the “Manage” button, and then the “View and Respond to Offer” button to **accept (or decline) the offer by the “Expiration of Offer” deadline below.**

To accept this offer, you must:

2. Pay a **non-refundable CAD\$3,000 deposit** to reserve your seat in the program. You will be prompted to pay your deposit when you accept the offer. Your deposit will be credited to your first tuition installment.
3. Submit **official transcripts**. Your offer of admission is based on your electronic application with uploaded unofficial academic transcripts. To complete your admission, we are required to obtain and verify **official transcripts** and, where necessary, their English language translations. Official transcripts must be **mailed to us directly** by the issuing institution to the mailing address below in an endorsed envelope **OR**, if the issuing institution offers electronic transcript submission services, **emailed to us directly** from the issuing institution to the email address below.

Mailing address: UBC Master of Data Science, UBC Faculty of Science
3182 – 2207 Main Mall
Vancouver, BC, V6T 1Z4, CANADA

Email address: info-mds@science.ubc.ca

Official transcripts required by us is/are:

- **Beijing Forestry University**
- **University of British Columbia***

**UBC transcripts will not need to be submitted.*

Note 1: Please ensure that you have completed all courses prior to having your official transcripts sent/emailed to us.

Note 2: Official transcripts **do not** have to be submitted by the “Expiration of Offer” deadline below. However, the sooner we receive them, the sooner we can remove conditions and process your unconditional offer letter.

Expiration of Offer

You must accept this offer by **Apr 01, 2025 (midnight, Pacific Standard Time)** to secure your place in the program. If you do not accept this offer by the deadline, it will be withdrawn and extended to someone on our waiting list.

Deferrals

UBC MDS (Vancouver) does not approve deferral requests unless they are for reasons related to study permit delays and/or rejections or due to extreme and extenuating circumstances which prevent you from attending the program. You can only request a deferral after you have accepted AND removed all conditions in this offer letter including paying the non-refundable deposit. To request a deferral, please contact the Program Director by email.

Next Steps

If you accept this offer, remove the conditions above and we receive (and verify) your official transcripts, we will upload an unconditional offer letter to the application system. To access it, log in to “My Applications”. We will also email you a welcome package and arrival checklist in the summer.

Questions?

Please do not hesitate to contact us (info-mds@science.ubc.ca or 604-822-6911) if you have any questions.

Please see the **Appendix** for other important program details and information needed for study permit applications for international students.

With sincere regards,

A handwritten signature in black ink, appearing to read "Giuseppe Carenini", with a long horizontal stroke extending to the right.

Dr. Giuseppe Carenini
Senior Director, UBC Master of Data Science

APPENDIX

Family Name: LI
Given Name: YUSHENG
DOB: 06-Jun-2002
UBC Student Number: 73919565
Address: 5735 Hampton Place, Unit 417
Vancouver, BC, V6T 2G8
Canada

Institutional Information

Name of Institution: The University of British Columbia
Designated Learning
Institution Number: O19330231062
Address: Master of Data Science Program
Faculty of Science
3182 – 2207 Main Mall
Vancouver, BC V6T 1Z4
Telephone: 604-822-6911
Email: info-mds@science.ubc.ca
Website: masterdatascience.ubc.ca
Contact Person: Milad Maymay, Director of Student Management and Program Operations
Alternate Contact: Jean Caballero, Senior Program Assistant

Program Information

Academic Status: Full-time
Hours of instruction: 20 hours per week
Program of Study: Master of Data Science
Level of Study: Master's

Tuition and Fees

Tuition fees are **subject to change** and payable in **three equal installments in September, January and May**:

- CAD \$35,852.70 for domestic students (Canadian citizens and permanent residents)
- CAD \$57,469.17 for international students
- Scholarships awarded, if any, have been listed at the top of this offer letter and will be deducted from the above tuition fees.

In addition to tuition fees, all students must pay:

- UBC student fees, which includes the mandatory transit U-Pass.
- AMS/GSS Extended Health Plan. There are opt-out provisions for students with equivalent personal insurance.
- i-Med fee for all new international students.

For more information on fees, costs and deadlines, please see <https://www.grad.ubc.ca/prospective-students/tuition-fees-cost-living>.

Student Loans and Bursaries

Additional financial assistance for **domestic students** may be available through UBC Enrolment Services.

Student Loans: <https://students.ubc.ca/enrolment/finances/student-loans>

Bursaries: <https://students.ubc.ca/enrolment/finances/awards-scholarships-bursaries/ubc-bursary-program>.

Schedule, length of program and important dates

The Master of Data Science is an intense, full-time professional program. Students *must* be able to be on campus during business hours on weekdays for lecture and lab attendance, and there is coursework to be completed outside of lecture and lab times. As such, trying to combine the program with a work commitment is not recommended.

Program Start Date: **August 27, 2025**

Program End Date: **June 30, 2026**

You will have a holiday break from mid-December to early January and a Reading Break in mid-February. Your 8-week **capstone project** will commence in early May.

Other General Information

You have to bring your own laptop to lectures and labs. Please note the laptop specifications on the Master of Data Science website: <https://masterdatascience.ubc.ca/admissions>. **If your laptop does not meet the requirements listed, you will likely have problems completing labs and assignments, and will not be eligible for technical support from the program staff.**

For information on housing, transportation, health and well-being, events and other student resources, please visit: <http://students.ubc.ca> and <https://www.grad.ubc.ca>.

Provincial Attestation Letters (FOR INTERNATIONAL STUDENTS ONLY)

International Students must apply for and hold a valid study permit to be able to study in Canada. International students who submit their study permit application after January 21, 2025 must also include a Provincial Attestation Letter (PAL) as part of their application. PALs will only be issued by the university to international students AFTER they accept their offer of admissions and pay their deposit.
